

Parking and Arrival Information

The assigned parking lot and entry for your event will be confirmed by your Catering Manager, as well as, noted on your event order under the “Parking” section. Please be sure to confirm this information prior to sending event information to the event attendees. Our Stadium Parking and Entry Map is included with this information, please don’t hesitate to questions in advance – we are here to assist you!

Self-Drive

If attendees are driving to the Stadium, please be sure they park in the assigned lot and access the Stadium through the designated entry. The Stadium has many parking lots and entry points, please be sure they review the parking map to assist with their arrival to avoid any delays in the event activities.

Ride Share Services (Uber, Lyft, etc.)

You may have event attendees choose to take an Uber or Lyft to the Stadium, they will need to provide the driver very specific instructions to ensure they are dropped off in the correct parking lot near the designated entrance. Since the Stadium hosts numerous Stadium Wide Events through-out the year (NFL Games, College Games, Concerts, Rodeos, Monster Trucks, etc.)- the designated ride share lot is Lot 15, which is located 2 blocks from the Stadium.

Please be sure the event attendee communicates to their driver they are attending a private event at the Stadium, and the event has been assigned a specific parking lot and entry. They will then need to provide the parking lot and entry information to the driver. It is always helpful to have the Stadium Parking Map and Event info on hand to share with their driver to avoid any confusion or delays in their arrival.

Group Arrival – Charter Buses

Main Tunnel access for events booked on the event level require us to follow strict guidelines provided by the Stadium to ensure safety for staff and event attendees. We require a transportation list to be submitted to our security team 24 hours prior to the event. The list must contain the following information:

- Driver First and Last Name
- Driver Phone Number OR the Phone Number of the On-Site Transportation Coordinator
- Bus License Plate

All vehicles accessing the Main Tunnel must adhere to the following policies:

- Headlights On
- Drive 5 mph
- Follow instructions by the Stadium Staff for safe unloading & loading of passengers.

Your Catering Manager will provide an event level map to share with your transportation contact to assist with the arrival; it will indicate where the event space is located, the direction to drive, and where to drop-off/pick-up the attendees.

All buses will stage in Lot 10 once the guests have been dropped off. Your on-site contact or transportation coordinator are responsible for contacting the bus driver(s) when the attendees are ready to be picked-up. Please be sure to communicate when the buses are returning to the Catering Manager so they can alert our security team at the top of the ramp.
