

Market Maker Events Announces New Dates for Gulf Coast Flooring Market

The Gulf Coast Flooring Market moves to May 13-14, 2021.

(Marietta, GA) – January 25, 2021– Market Maker Events (MME), producers of the Flooring Markets, announces the Gulf Coast Flooring Market (GCFM), will now take place May 13-14, 2021 at the MS Coast Convention Center in Biloxi, MS.

“We feel the move of the GCFM to May is a great opportunity for our exhibitors to provide additional product roll outs as well as to ensure the comfort of our community,” says Barbara Stroup, Managing Partner of MME. “Our current exhibitors support the move to May, and we anticipate adding more companies to the lineup as we move forward.”

We spoke with Kevin Gummow of Brandon Co. who told us, “Brandon Co. supports the Gulf Coast Flooring Market because of the importance of one-on-one meetings so that management can visit with and get feedback from customers that they’re not able to see during the year. At market, we have the opportunity to interchange ideas and have some fun with our retailers. We also feel that the retailers will be much more comfortable and more confident to attend a market in May.”

Galen Vicknair of Viking Distributors also told us, “The Gulf Coast Flooring Market is a great way to get in front of our regional customers, so they can see the latest styles and products. We feel that moving the market to May will alleviate any concerns that our dealers and buyers may have at an earlier date.”

The regional Flooring Markets’ schedule also includes the Southeast Flooring Market on March 11-12, 2021 at the Cobb Galleria Centre in Atlanta, GA , and the Southwest Flooring Market on April 8-9, 2021 at the AT&T Stadium in Arlington, TX.
