

2024 Flooring Markets Registration Now Open

Pre-register for the annual regional flooring events

(Marietta, GA) – September 19, 2023 - Flooring Markets (flooringmarkets.com)

announced today that registration is now open for the 2024 Flooring Markets. Registration is complimentary and available now online.

“Customer demand for design forward products is driving the business today and the 2024 Flooring Markets will be some of the first places dealers can explore and discover all new products while connecting with the industry,” says Lori Kisner, Managing Partner, Market Maker Events, producer of the Flooring Markets.

Flooring suppliers and dealers are looking forward to reconnecting once again at the start of the year to see the latest trends and innovations in flooring and set their businesses up for success.

“We’re so excited to be starting 2024 in Texas once again at the Southwest Flooring Market. It’s always an excellent opportunity to connect with customers and establish new relationships while giving everyone a firsthand look at our latest premium luxury vinyl designs,” says David Capalbo – VP of Sales, Retail at Karndean Designflooring.

We also spoke with Kennedy Whatley of Jansen Kitchen & Bath who told us, "If there was ever a market to attend for designers and retailers alike to view a wide selection of flooring materials from the top leading distributors in our industry, this is your sign to register for just that. As a past attendee of the Gulf Coast Flooring Market, Jansen Kitchen & Bath is looking forward to seeing new trends and up-and-coming applications at this year's excerpt. See you all there!"

Returning exhibitor, James Cornell Team Leader – Sales at MSI Surfaces, states, “We have been part of the Southeast Flooring Market in Atlanta for the last 5 years. I encourage all to look seriously into attending or exhibiting in this regional market. We have seen our attendance and account list grow each year as the result of us participating.”

Please click the links below to pre-register for the Flooring Markets:
